Through the years, she has been actively involved in Spiritual work with a variety of teachers, counselors, and practices, and enjoys attending various workshops in search of more spiritual insight.

The Divine Diamond is a blessing that came into my life in October 2010, and has had a profound influence in my life! With each Healing Meditation and new Sacred Star Activation, I feel more transformed on all levels, and more aware of my spiritual purpose and growth. I am experiencing a stronger grounded connection to the Earth, and a deeper presence of Heart. I have discovered that I respond differently in the world, with a powerful sense of Peace and support from the Divine. The one-one healing sessions with Aniruddhan have assisted in this process!
